## Disasters:

### Declaration Number

FEMA-4285-NC

## Narratives

### Disaster Damage:

Hurricane Matthew began as a Category 5 storm in the Caribbean, before hitting the coast of North Carolina (the State) on October 8, 2016. Fifty counties in North Carolina were declared federal disaster areas with historic communities in eastern North Carolina like Princeville, Kinston, Lumberton, Goldsboro, Fayetteville, and Fair Bluff experiencing catastrophic damages. Matthew lingered along the North Carolina coast for several days, causing rivers and their tributaries to swell and ultimately overflow into adjacent communities. Over a three-day period, central and eastern parts of North Carolina were inundated with rain, and 17 counties set new records for rain and flooding. Five river systems, the Tar, Cape Fear, Cashie, Lumber, and Neuse Rivers, flooded, remaining at flood levels for two weeks.

After Matthew passed, the State assessed the damage and documented that Matthew's impact was devastating, significantly impacting residents in eastern and central North Carolina and causing catastrophic losses in the housing, business, public infrastructure, and agricultural sectors. More than 800,000 families lost power from Matthew, resulting in millions of dollars in food cost losses for families whose food needed to be frozen or refrigerated. In total, 3,744 individuals needed to be moved to shelters, and 77,607 households applied for Federal Emergency Management Agency (FEMA) emergency assistance.

When FEMA completed its analysis of impacts on housing stock, 34,284 households had evidence of flood damage and nearly 5,000 homes had major to severe damage, many of which were located in rural communities, where not only the home but also the farm and livestock were impacted and/or lost. The State estimated that more than 300,000 businesses experienced physical and/or economic impacts from the storm, including many small "mom and pop" businesses located in small rural communities. Matthew's impact on the agricultural industry was particularly hard hit, as the industry has a significant presence in driving the local economy in eastern North Carolina, where the State is among the leaders in the nation in livestock and crop production. North Carolina's farms, including many small multi-generational family farms, along with the firms that provide materials needed to grow livestock and produce crops and food producers that take these products to market, lost tremendous amounts of inventory, livestock, and crops, with millions of dollars of the losses not covered by United States Department of Agriculture (USDA) programs. The impact on communities was also catastrophic, with public buildings, parks, schools, roads, water and wastewater systems, and other public infrastructure heavily impacted. Portions of the interstate system closed in some cases for up to 10 days. In total, the State estimated that Matthew's total economic impact was roughly \$2 billion.

### Recovery Needs:

The Impact and Unmet Needs Assessment within this Action Plan represents the third analysis of unmet needs in the State of North Carolina following Hurricane Matthew. It presents damage estimates as of October 15, 2017, roughly one year after the flooding occurred. Under Substantial Amendment 10, the State used the most recent State damage inspection data, Small Business Administration (SBA), Federal Emergency Management Agency (FEMA) and National Flood Insurance Program (NFIP) data to reevaluate unmet needs specifically related to owner-occupied housing, rental housing, and infrastructure.

Reanalysis of the owner-occupied and rental housing unmet need under Substantial Amendment 10 indicates that the housing unmet need remains largely unchanged when compared to initial housing unmet need estimates. Through reanalysis of the infrastructure unmet need under Substantial Amendment 10, the State found that the infrastructure unmet need has decreased significantly when compared to the initial infrastructure unmet need estimates. The reanalysis

highlights that additional Federal Obligations have been made through the FEMA Public Assistance (PA) program to address infrastructure unmet needs since the initial estimates were calculated in October 2017. Additionally, a considerable amount of funding from the State has been awarded and spent to address the match for federal disaster programs related to infrastructure recovery. Based on the revaluation, North Carolina's current unmet recovery needs for Hurricane Matthew total \$777,374,146.

Under Substantial Amendment 10, funding allocated to CDBG-DR activities will address owner-occupied housing, rental housing and economic (small business) unmet need, representing 89% of the total unmet recovery needs. The State has also identified an additional need for public services to support recovery efforts, with an estimated need of \$36,248,561. Public Housing and Infrastructure represent 11% of the total unmet recovery need (\$85,661,799). In consideration of the significant owner-occupied housing, rental housing and economic recovery need, funding allocations for public housing and Infrastructure are being reallocated to the State's CDBG-MIT program under Substantial Amendment 10. Refer to the State's Mitigation Action Plan for more details on these activities and any additional unmet needs analyses. The decrease noted in infrastructure unmet need further supports the State's decision to focus CDBG-DR funding on the significant unmet need that remains for owner-occupied housing, rental housing, and economic recovery.

Since the publication of the State's initial Unmet Needs Assessment in the Spring of 2017 and subsequent amendments, the State has focused recovery actions in four areas:

1. Beginning to design housing programs focused on the findings of the State's initial Unmet Needs Assessment and centered around the needs of low to moderate-income persons and housing recovery in the most impacted communities and counties;
2. Completing the State's 50-county planning process to determine how to best align and structure the Community Recovery Program/Infrastructure Recovery Program with information and projects developed through this bottom-up community planning process;
3. Working with FEMA to ensure that damages to public infrastructure were captured; and
4. Working to confirm that the Matthew impacts on small businesses and the agricultural sector are being addressed through state, local, and other funding and activities outside of CDBG-DR.

As a result, the current reevaluation of unmet needs has validated that the State's prior Unmet Needs Assessment remains valid as housing recovery remains a significant unmet need. The public infrastructure and facilities focus of the Unmet Needs Assessment has been updated to reflect the increase in FEMA Public Assistance obligations that are in line with initial estimates and projections. In the Economic Recovery section, as shown by previous SBA data analysis, it remains possible that small businesses and agricultural enterprises in eastern and central North Carolina may continue to need assistance.

The analysis presented in the initial Unmet Needs Assessment, particularly for housing and vulnerable populations in most impacted communities, remains particularly relevant and is included in this revised analysis as it is unchanged and is a key component for the overall program design.

As part of this Action Plan Amendment, the State of North Carolina has made it a priority to focus on continuing to assist low- and moderate-income families who experienced severe flooding and saw their homes and communities impacted by Matthew. Therefore, the funding priorities in this Action Plan Amendment emphasize housing and supportive public service needs with the majority of this allocation going to housing recovery and housing assistance programs. The State understands that community health is not just about rebuilding homes but Hurricane Matthew CDBG-DR Action Plan 9 restoring the basic fabric of neighborhoods and ensuring future economic health. Therefore, the State is also providing funding to assist small businesses and farmers struggling to get back on their feet and ensuring that, as the planning process is complete, projects to rebuild and make more resilient communities can occur.

Most Impacted and Distressed	\$189,223,200.00	\$192,612,606.40	\$181,272,630.36

## Overall Progress Narrative:

Admin: Within this quarter, Finance has processed salaries/overhead for operations to continue in the CDBG-DR program.

Planning: Within this quarter, Finance has processed planning activities for operations to continue in the CDBG-DR program.

HRP: HRP has completed the construction of 33 for low- and moderate-income beneficiaries, 4 urgent need beneficiaries, of which 10 elevated homes are included as construction complete. Of all construction completions, there were 3 Rehabilitations/Reimbursements, 29 Reconstructions, and 23 MH Replacements and MH Reimbursements. These are the completed projects for Quarter 4 thus far.

Multi-Family: McArthur Park, the one project in this activity, has completed construction and expended 100% of the funds.

Compliance: Compliance has continued its monitoring process for any subrecipient that utilizes Matthew funds. Those subrecipients were monitored on financial management and/or program specific rules. Various technical assistance offered throughout quarter 4 such as Section 3, URA, Fair Housing and a Section 3 Office Hours. A financial literacy webinar was offered in quarter 4 and has been posted to NCORR Section 3 website. Compliance has also been working with program managers and subrecipients in order to assist subrecipient with any compliance needs.

**Activity Description:**

New construction of a six-building (6-bldg.), sixty-six unit (66-unit) elderly community located off of Linwood Avenue in Lumberton, North Carolina in Robeson County on approximately 4.53 acres of undeveloped land referred to as Wind Crest Senior Living. The Wind Crest Senior Living elderly apartments will comprise of 32 one- and 34 two-bedroom units, consisting of one 2-story building, four quad-plexes, and one six-plex to be occupied by households with low incomes at or below sixty percent (60%) of Area Median Income/AMI within one mile of a grocery store, shopping, a pharmacy and many other amenities in an effort to recover from the devastation of Hurricane Matthew in the city of Lumberton, North Carolina. Activity canceled per approved NSAPA12.

**Location Description:**

503 McPhail Rd., Lumberton, NC 28358; Robeson County is within a HUD-approved MID county. (34.616296, -78.987676) Parcel 030135665700; Census Tract: 9612.00; Cancellation per approved nonsubstantial amendment.

### Activity Progress Narrative:

During the reporting period prior period expenditures were updated and the activity was cancelled per NSAPA 12.
