1.0 PURPOSE AND BACKGROUND

The North Carolina Office of Recovery and Resiliency (NCORR), a division of the North Carolina Department of Public Safety (DPS), is soliciting bids from prime construction contractors to perform, or cause to be performed: rehabilitation and rehabilitation plus elevation of eligible structures through NCORR recovery programs. See rebuild.nc.gov for the State's Action Plan(s) and Program Manual(s) defining these construction activities.

NCORR was established to receive and administer any grant awarded by the U.S. Department of Housing and Urban Development (HUD) to North Carolina for the purposes of recovering from a major disaster and mitigating future storm impact. NCORR manages all aspects of these grants, including planning and policy development, recovery program administration, compliance and monitoring, program financial management, and grant closeout. The programs that NCORR administers under the CDBG-DR and CDBG-MIT grants include, but are not limited to: single-family home repair, eligible repair reimbursement, rehabilitation, and reconstruction; repair and replacement of manufactured homes; repairs to public infrastructure; rehabilitation of public housing units; rehabilitation of multi-family rental housing units; buyouts and acquisition of flood-prone properties; and the small business recovery loan program.

1.1 CONTRACT TERM

The contract term is described as the completion and acceptance of all requirements within the scope of work.

Bids shall be submitted in accordance with the terms and conditions of this IFB and any addenda issued hereto.

2.0 GENERAL INFORMATION

2.1 INVITATION FOR BIDS DOCUMENT

The IFB is comprised of the base IFB document, any attachments, and any addenda released before Contract award. All attachments and addenda released for this IFB in advance of any Contract award are incorporated herein by reference.

2.2 E-PROCUREMENT FEE

ATTENTION: This is not an NC eProcurement solicitation. The E-Procurement fee does not apply to this solicitation. Paragraph entitled ELECTRONIC PROCUREMENT of the North Carolina General Terms and Conditions do not apply to this solicitation.

For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site:

<http://eprocurement.nc.gov/training/vendor-training>.

2.3 NOTICE TO VENDORS REGARDING IFB TERMS AND CONDITIONS

It shall be the Vendor's responsibility to read the Instructions, the State's terms and conditions, all relevant exhibits and attachments, and any other components made a part of this IFB and comply with all requirements and specifications herein. Vendors are also responsible for obtaining and complying with all Addenda and other changes that may be issued concerning this IFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, or other component of this IFB, those must be submitted as questions in accordance with the instructions in the BID QUESTIONS Section. If the State determines that any changes will be made as a result of the questions asked, then such decisions will be communicated in the form of an IFB addendum. The State may also elect to leave open the possibility for later

negotiation and amendment of specific provisions of the Contract that have been addressed during the question-and-answer period. Other than through this Q and A process or negotiation under 01 NCAC 05B.0503, the State rejects and will not be required to evaluate or consider any additional or modified terms and conditions submitted with Vendor’s bid or otherwise. This applies to any language appearing in or attached to the document as part of the Vendor’s bid that purports to vary any terms and conditions or Vendors’ instructions herein or to render the bid non-binding or subject to further negotiation. Vendor’s bid shall constitute a firm offer that shall be held open for the period required herein (“Validity Period” above).

By execution and delivery of this IFB Response, the Vendor agrees that any additional or modified terms and conditions, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor’s bid as nonresponsive. The State may exercise its discretion to consider Vendor proposed modifications.

Vendors shall rely *only* on written material contained in the IFB and an addendum to this IFB.

2.7 BID SUBMITTAL

IMPORTANT NOTE: This is an absolute requirement. Vendor shall bear the risk of late submission due to unintended or unanticipated delay. It is the Vendor’s sole responsibility to ensure its bid has been received as described in this IFB by the specified time and date of opening. Failure to submit a bid in strict accordance with instructions provided shall constitute sufficient cause to reject a Vendor’s bids(s). Solicitation responses are subject to Sealed Bidding requirements.

Offers for this procurement **must be submitted through the Sourcing Tool**. For training on how to use the Sourcing Tool to view solicitations, submit questions, develop responses, upload documents, and submit offers to the State, Vendors should go to the following site: <https://eprocurement.nc.gov/training/vendor-training>.

Questions or issues related to using the Sourcing Tool must be directed to the North Carolina **eProcurement Help Desk** at 888-211-7440, Option 2. Help Desk representatives are available Monday through Friday from 7:30 AM ET to 5:00 PM ET.

Tips for Using the Sourcing Tool:

- Vendors should review available training and confirm that they are able to access the Sourcing Event, enter responses, and upload files well in advance of the date and time response are due to allow sufficient time to seek assistance from the North Carolina eProcurement Help Desk.
- Vendors may submit their responses early to make sure there are no issues, and then submit a revised response any time prior to the response due date and time. The State will only review the most recent response.
- Vendors should respond to all relevant sections of the Sourcing Event. Certain questions or items are required in order to submit a response and are denoted with an asterisk. The Sourcing Tool will not allow a response to be submitted unless all required items are completed. The Sourcing Tool will provide error messages to help identify any required information that is missing when response is submitted.
- Simply saving your response in the Sourcing Tool is not the same as submitting your response to the State. Vendors should make sure they complete the submission process and receive a message that their response was successfully submitted.

The Sourcing Tool (Section 6, VENDOR RESPONSE) has two (2) fields to upload the **ENTIRE** (all pages) of the Invitation for Bid (IFB), which includes the **Vendor response** to all questions, completion of all attachments (including Attachment A: PRICING), and all required documentation.

- The first file upload field specifies to upload one (1) **signed UN-REDACTED** offer that contains **ALL pages of the IFB**, with ALL information completed. **Vendor must return all the pages of this solicitation with its offer. Offer must be submitted on the forms** provided herein. Prices and any other entry made hereon by the Vendor shall be considered firm and not subject to change.
- The second file upload field specifies to upload one (1) **REDACTED** copy (all Proprietary and Confidential Information removed); ***IF the vendor determines their offer contains confidential information***. If no information is deemed confidential upload a 1-page document indicating the bid number and state *“NO CONFIDENTIAL INFORMATION; accordingly, No Redacted Copy provided”*.

Redacting refers to the blacking out of information, so it is not visible.

The North Carolina Department of Public Safety, in responding to public records requests, will release the contents of the Redacted file provided by the Vendor. If no redacted file is provided the North Carolina Department of Public Safety will release the un-redacted version in response to public records requests. It is the sole responsibility of the Vendor to ensure that the Redacted file complies with the requirements of Paragraph 14, CONFIDENTIAL INFORMATION, of the INSTRUCTIONS TO VENDORS. **Under no circumstances shall price information be designated as confidential.**

2.8 BID CONTENTS

Vendors shall provide responses to all questions and complete all attachments for this IFB that require the Vendor to provide information and upload them to the Sourcing Event in the Sourcing Tool. Vendor may not be able to submit its response in the Sourcing Tool unless all required items are addressed. Vendors shall provide authorized signatures where requested. Failure to provide all required items, or Vendor's submission of incomplete items, may result in the State rejecting Vendor's bid, in the State's sole discretion.

2.10 CONTRACT MONITORING

Per *NC Senate Bill 1213 (Session Law 2010-194)* any contract which results from the award of this Invitation for Bid shall include contract monitoring as a regular process of evaluating post award Vendor contract performance based on measurable deliverables and verifying Vendor compliance with the terms and conditions in the contract.

The general purpose of monitoring will be to 1) improve Vendor contract performance through early identification of questions and issue resolution; 2) identify potential contract problems, financial or technical, that may require additional scrutiny; 3) evaluate Vendor contract performance controls to ensure there is a reliable basis for validating deliverables and minimizing risk of contract default; 4) assure that Vendor financial documentation is adequate and accurate as it relates to contract payments.

Specifically, contract monitoring may include but are not limited to the following areas;

- Verify contractor performance for purposes of payment;
- Identify material breach of contract by assessing the difference between contract performance and material non-performance;
- Determine if corrective action is necessary and take such action if required.

3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

This IFB will be awarded in accordance with State and Federal law. Prospective Vendors shall not be discriminated against on the basis of any prohibited grounds as defined by Federal and State law. North Carolina G.S. 143-52 provides a general list of criteria the State shall use to award contracts, as supplemented by the additional criteria herein. The Goods or Services being procured shall dictate the application and order of criteria; however, all award decisions shall be in the State's best interest.

All responsive bids from responsible bidders will be reviewed, and an award will be based on the responsive bid(s) offering the lowest price per line item that meets the specifications provided herein.

While the intent of this IFB is to make multiple awards based on low bid per line item; the State reserves the right to make a single award, not to award one or more line items, or to cancel this IFB in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so.

3.2 BID EVALUATION PROCESS

- The State shall review the responses to this IFB to confirm that they meet the specifications and requirements. The State reserves the right to waive any minor informality or technicality.
- For all responses that pass the initial review process, the State will review and assess Vendors' pricing. The State may request additional formal responses or submissions from any or all Vendors for the purpose of clarification or to amplify the materials presented in the IFB. Vendors are cautioned, however, that the State is not required to request clarification, and often does not. Therefore, all responses should be complete and reflect the most favorable terms available from Vendor. Prices cannot be altered or modified as part of a clarification.
- The State reserves the right to contact references as well as any other known sources to verify Vendor's past performance. This information may be considered in making an award.
- Vendors are cautioned that this is a request for bid, not a request or an offer to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

3.3 CONFIDENTIALITY AND PROHIBITED COMMUNICATIONS

From the issuance date of this IFB through the date the contract is awarded, each Vendor submitting a bid (including its representatives, sub-contractors and/or suppliers) is prohibited from having any communications with any person inside or outside the using agency, issuing agency, other government agency office, or body (including the purchaser named above, department secretary, agency head, members of the general assembly and/or governor's office), or private entity, if the communication refers to the content of Vendor's bid or qualifications, the contents of another Vendor's bid, another Vendor's qualifications or ability to perform the contract, and/or the transmittal of any other communication of information that could be reasonably considered to have the effect of directly or indirectly influencing the evaluation of bids and/or the award of the contract. A Vendor not in compliance with this provision shall be disqualified from contract award, unless it is determined in the State's discretion that the

communication was harmless, that it was made without intent to influence and that the best interest of the State would not be served by the disqualification. A Vendor's bid may be disqualified if its sub-contractor and supplier engage in any of the foregoing communications during the time that the procurement is active (i.e., the issuance date of the procurement to the date of contract award). Only those discussions, communications or transmittals of information authorized or initiated by the issuing agency for this IFB or general inquiries directed to the purchaser regarding requirements of the IFB (prior to bid submission) or the status of the contract award (after submission) are excepted from this provision.

3.4 BID EVALUATION PROCESS

Only responsive submissions will be evaluated.

The State will conduct an evaluation of responsive Bids, as follows:

Bids will be received according to the method stated in the Bid Submittal section above.

All bids must be received by the issuing agency not later than the date and time specified in the IFB SCHEDULE Section above, unless modified by Addendum. Vendors are cautioned that this is a request for offers, not an offer or request to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.

At the date and time provided in the IFB SCHEDULE Section above, unless modified by Addendum, the bids from each responding Vendor will be opened publicly and the name of the Vendor and total cost offered may be announced. Interested parties are cautioned that these costs and their components are subject to further evaluation for completeness and correctness and therefore may not be an exact indicator of a Vendor's pricing position.

If negotiation is anticipated under 01 NCAC 05B.0503, pricing may not be public until award.

At their option, the evaluators may request oral presentations or discussions with any or all Vendors for clarification or to amplify the materials presented in any part of the bid. Vendors are cautioned, however, that the evaluators are not required to request presentations or other clarification—and often do not. Therefore, all bids should be complete and reflect the most favorable terms available from the Vendor. Prices bid cannot be altered or modified as part of a clarification.

Upon completion of the evaluation process, the State will make Award(s) based on the evaluation and post the award(s) under the IFB number for this solicitation.

The State reserves the right to negotiate with one or more Vendors, or to reject all original offers and negotiate with one or more sources of supply that may be capable of satisfying the requirement, and in either case to require Vendor to submit a Best and Final Offer (BAFO) based on discussions and negotiations with the State.

3.6 INTERPRETATION OF TERMS AND PHRASES

This IFB serves two functions: (1) to advise potential Vendors of the parameters of the solution being sought by the State; and (2) to provide (together with other specified documents) the terms of the Contract resulting from this procurement. The use of phrases such as "shall," "must," and "requirements" are intended to create enforceable contract conditions. In determining whether bids should be evaluated or rejected, the State will take into consideration the degree to which Vendors have proposed or failed to propose solutions that will satisfy the State's needs as described in the IFB. Except as specifically stated in the IFB, no one requirement shall automatically disqualify a Vendor from consideration. However, failure to comply with any single requirement may result in the State exercising its discretion to reject a bid in its entirety.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a bid, the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification or believes a change to a requirement would allow for the State to receive a better bid, the Vendor is urged and cautioned to submit these items in the form of a question during the question-and-answer period in accordance with the Bid Questions Section above.

4.1 PRICING

Contract price shall constitute the total cost to the State for complete performance in accordance with the requirements and specifications herein, including all applicable charges for handling, transportation, storage, administrative and other similar fees. Complete ATTACHMENT A: PRICING (Excel file located in the Sourcing Tool) and include in Bid. The individual pricing items provided in ATTACHMENT A, or resulting from any negotiations, is incorporated herein and shall become the price for each element on the resulting Contract.

This IFB will require the Vendor to provide the best price in the form of a lump sum including profit and overhead for each project bid for rehabilitation and rehabilitation plus elevation. Any costs not reflected in the Work Order (WO) will be paid out according to an authorized change order after showing documentation that additional costs are required by the Authority Having Jurisdiction. The Work Order (WO) is a comprehensive document that contains the awarded vendor name, price awarded pursuant to this IFB, address of the project, program and insurance requirements that shall be followed by awarded vendor.

All change orders will be submitted with June 2018 Xactimate pricing and the NCORR Construction Manager will add an additional **63.9% multiplier** to the bid book line items to account for material and labor increases since 2018. The Bid Book is a benchmark pricing book that will be used for project execution of the award of projects. A copy of the Bid Pricing Book will be provided. Contractors shall accept the pricing contained in NCORR's Bid Pricing Book.

Bid Book Pricing can be located from this link. <https://drive.google.com/drive/folders/1amb0QpSb2T5sYhnr-7OfZ6w20LmPhWka?usp=sharing>

Change Orders (Cos) are approved with **27.5% O&P** for the CO ECR generated by the NCORR Construction Manager which reflect Xactimate line items or approved at the price submitted by the General Contractor whichever is less. Additionally, projects completing under the period of performance are subject to higher Overhead and Profit (O&P) according to the following table:

% of Period of Performance	Rehabilitation [days]	Rehabilitation with Elevation [days]	Change Order O&P [%]
> 81%	> 45 days	> 135 days	27.5%
56 - 80%	36 - 44 days	108 - 134 days	35%
< 55%	< 35 days	< 107 days	40%

ATTACHMENT B: INSTRUCTIONS TO VENDORS

1. **READ, REVIEW AND COMPLY:** It shall be the Vendor's responsibility to read this entire document, review all enclosures and attachments, and any addenda thereto, and comply with all requirements specified herein, regardless of whether appearing in these Instructions to Vendors or elsewhere in this IFB document.
2. **LATE BIDS:** Late bids, regardless of cause, will not be opened or considered, and will automatically be disqualified from further consideration. It shall be the Vendor's sole responsibility to ensure the timely delivery of bids at the designated office by the designated time.
3. **ACCEPTANCE AND REJECTION:** The State reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Vendor, to accept any item in the bid. If either a unit price or an extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded. Regardless of error or omission, a Vendor shall not be permitted to increase its pricing after the deadline for submitting bids.
4. **BASIS FOR REJECTION:** Pursuant to 01 NCAC 05B .0501, the State reserves the right to reject any and all offers, in whole or in part, by deeming the offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the State, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, limitation or lack of available funds, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the State.
5. **EXECUTION:** Failure to execute page 1 of the IFB (Execution Page) in the designated space shall render bid non-responsive, and it will be rejected.
6. **ORDER OF PRECEDENCE:** In cases of conflict between specific provisions in this solicitation or those in any resulting contract documents, the order of precedence shall be (high to low) (1) any special terms and conditions specific to this IFB, including any negotiated terms; (2) requirements and specifications and administration provisions in Sections 4, 5 and 6 of this IFB; (3) North Carolina General Contract Terms and Conditions in ATTACHMENT C: NORTH CAROLINA GENERAL CONTRACT TERMS AND CONDITIONS; (4) Instructions in ATTACHMENT B: INSTRUCTIONS TO VENDORS; (5) ATTACHMENT A: PRICING FORM, and (6) Vendor's Bid.
7. **INFORMATION AND DESCRIPTIVE LITERATURE:** Vendor shall furnish all information requested and in the spaces provided in this document. Further, if required elsewhere in this bid, each Vendor shall submit with its bid any sketches, descriptive literature and/or complete specifications covering the products and Services offered. Reference to literature submitted with a previous bid or available elsewhere will not satisfy this provision. Failure to comply with these requirements shall constitute sufficient cause to reject a bid without further consideration.
8. **RECYCLING AND SOURCE REDUCTION:** It is the policy of the State to encourage and promote the purchase of products with recycled content to the extent economically practicable, and to purchase items which are reusable, refillable, repairable, more durable and less toxic to the extent that the purchase or use is practicable and cost-effective. We also encourage and promote using minimal packaging and the use of recycled/recyclable products in the packaging of commodities purchased. However, no sacrifice in quality of packaging will be acceptable. The Vendor remains responsible for providing packaging that will adequately protect the commodity and contain it for its intended use. Companies Vendors are strongly urged to bring to the attention of purchasers those products or packaging they offer which have recycled content and that are recyclable.
9. **CERTIFICATE TO TRANSACT BUSINESS IN NORTH CAROLINA:** As a condition of contract award, each out-of-State Vendor that is a corporation, limited-liability company or limited-liability partnership shall have received, and shall maintain throughout the term of The Contract, a Certificate of Authority to Transact Business in North Carolina from the North Carolina Secretary of State, as required by North Carolina law. A State contract requiring only an isolated transaction completed within a period of six months, and not in the course of a number of repeated transactions of like nature, shall not be considered as transacting business in North Carolina and shall not require a Certificate of Authority to Transact Business.
10. **SUSTAINABILITY:** To support the sustainability efforts of the State of North Carolina we solicit your cooperation in this effort. Pursuant to Executive Order 156 (1999), it is desirable that all responses meet the following:

-
- a) All copies of the bid are printed double sided.
 - b) All submittals and copies are printed on recycled paper with a minimum post-consumer content of 30%.
 - c) Unless absolutely necessary, all bids and copies should minimize or eliminate use of non-recyclable or non-reusable materials such as plastic report covers, plastic dividers, vinyl sleeves, and GBC binding. Three-ringed binders, glued materials, paper clips, and staples are acceptable.
 - d) Materials should be submitted in a format which allows for easy removal, filing and/or recycling of paper and binder materials. Use of oversized paper is strongly discouraged unless necessary for clarity or legibility.
- 11. HISTORICALLY UNDERUTILIZED BUSINESSES:** The State is committed to retaining Vendors from diverse backgrounds, and it invites and encourages participation in the procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled. In particular, the State encourages participation by Vendors certified by the State Office of Historically Underutilized Businesses, as well as the use of HUB-certified vendors as subcontractors on State contracts.
- 12. RECIPROCAL PREFERENCE:** G.S. 143-59 establishes a reciprocal preference requirement to discourage other states from favoring their own resident Vendors by applying a percentage increase to the price of any bid from a North Carolina resident Vendor. To the extent another state does so, North Carolina applies the same percentage increase to the bid of a vendor resident in that state. Residency is determined by a Vendor's "Principal Place of Business," defined as that principal place from which the overall trade or business of the Vendor is directed or managed.
- 13. INELIGIBLE VENDORS:** As provided in G.S. 147-86.59 and G.S. 147-86.82, the following companies are ineligible to contract with the State of North Carolina or any political subdivision of the State: a) any company identified as engaging in investment activities in Iran, as determined by appearing on the Final Divestment List created by the State Treasurer pursuant to G.S. 147-86.58, and b) any company identified as engaged in a boycott of Israel as determined by appearing on the List of restricted companies created by the State Treasurer pursuant to G.S. 147-86.81. A contract with the State or any of its political subdivisions by any company identified in a) or b) above shall be void *ab initio*.
- 14. CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the State will maintain as confidential trade secrets in its bid that the Vendor does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as "CONFIDENTIAL" by the Vendor, with specific trade secret information enclosed in boxes, marked in a distinctive color or by similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. 132-1.2. Any material labeled as confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. 132-1.2. Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible. If a legal action is brought to require the disclosure of any material so marked as confidential, the State will notify Vendor of such action and allow Vendor to defend the confidential status of its information.
- 15. ATTACHMENT C: NORTH CAROLINA GENERAL CONTRACT TERMS & CONDITIONS

1. PERFORMANCE:

- a) It is anticipated that the tasks and duties undertaken by the Vendor under the contract which results from the State solicitation in this matter (Contract) shall include Services, and/or the manufacturing, furnishing, or development of goods and other tangible features or components, as deliverables.
- b) Except as provided herein, and unless otherwise mutually agreed in writing prior to award, any deliverables not subject to an agreed Vendor license and provided by Vendor in performance of this Contract shall be and remain property of the State. During performance, Vendor may provide proprietary components as part of the deliverables that are identified in this Contract. Vendor grants the State a personal, permanent, non-transferable license to use such proprietary components of the deliverables and other functionalities, as provided under this Contract. Any technical and business information owned by Vendor or its suppliers or licensors made accessible or furnished to the State shall be and remain the property of the Vendor or such other party, respectively. Vendor agrees to perform under the Contract in at least the same or similar manner provided to comparable users and customers. The State shall notify the Vendor of any defects or deficiencies in performance or failure of deliverables to conform to the standards and specifications provided in this Contract. Vendor agrees to timely remedy defective performance or any nonconforming deliverables on its own or upon such notice provided by the State.
- c) Vendor has a limited, non-exclusive license to access and use State Data provided to Vendor, but solely for performing its obligations under and during this Agreement and in confidence as further provided for herein or by law.
- d) Vendor or its suppliers, as specified and agreed in the Contract, shall provide support assistance to the State related to all Services performed or other deliverables procured hereunder during the State's normal business hours. Vendor warrants that its support, customer service, and assistance will be performed at a minimum in accordance with generally accepted and applicable industry standards.
- e) The State may document and take into account in awarding or renewing future procurement contracts the general reputation, performance and performance capabilities of the Vendor under this Contract as provided by G.S. 143-52 and 143-135.9 (a) and (b) (Best Value).

2. DEFAULT AND TERMINATION.

- a) In the event of default by the Vendor, the State may, as provided by NC law, procure goods and services necessary to complete performance hereunder from other sources and hold the Vendor responsible for any excess cost occasioned thereby. *See*, G.S. 25-2-712. In addition, and in the event of default by the Vendor under the Contract, or upon the Vendor filing a petition for bankruptcy or the entering of a judgment of bankruptcy by or against the Vendor, the State may immediately cease doing business with the Vendor, terminate the Contract for cause, and take action to recover relevant damages, and if permitted by applicable law, debar the Vendor from doing future business with the State. 01 NCAC 05B.1520.
- b) If, through any cause, Vendor shall fail to fulfill in a timely and proper manner the obligations under the Contract, including, without limitation, in these North Carolina General Terms and Conditions, the State shall have the right to terminate the Contract by giving thirty days written notice to the Vendor and specifying the effective date thereof. In that event, any or all finished or unfinished deliverables that are prepared by the Vendor under the Contract shall, at the option of the State, become the property of the State (and under any applicable Vendor license to the extent necessary for the State to use such property), and the Vendor shall be entitled to receive just and equitable compensation for any acceptable deliverable completed (or partially completed at the State's option) as to which such option is exercised. Notwithstanding, Vendor shall not be relieved of liability to the State for damages sustained by the State by virtue of any breach of the Contract, and the State may withhold any payment due the Vendor for the purpose of setoff until such time as the exact amount of damages due the State from such breach can be determined. The State, if insecure as to receiving proper performance or provision of goods deliverables, or if documented Vendor Services performance issues exist, under this Contract, may require at any time a performance bond or other alternative performance guarantees from a Vendor without expense to the State as provided by applicable law. G.S. 143-52(a); 01 NCAC 05B.1521; G.S. 25-2-609.

- c) If this Contract contemplates deliveries or performance over a period of time, the State may terminate this Contract for convenience at any time by providing 60 days' notice in writing from the State to the Vendor. In that event, any or all finished or unfinished deliverables prepared by the Vendor under this Contract shall, at the option of the State, become its property, and under any applicable Vendor license to the extent necessary for the State to use such property. If the Contract is terminated by the State for convenience, the State shall pay for those items or Services for which such option is exercised, less any payment or compensation previously made.

3. INTERPRETATION, CONFLICT OF TERMS.

- a) The definitions in the Instructions to Vendors in the relevant solicitation for this Contract, and in 01 NCAC 05A.0112 are specifically incorporated herein.
- b) If federal funds are involved in the transactions under this Contract, the Vendor shall comply with all applicable state and federal requirements and laws, except where State requirements are more restrictive. See the additional federal requirements included in the "Federal Funds Provisions" section below.
- c) "Purchasing Agency" herein is as defined in 01 NCAC 05A.0112, except that if this Contract has been entered into by the NC Department of Administration, Division of Purchase and Contract (P&C) as indicated in the Contract (e.g., a State Term Contract), then P&C will then be a Purchasing Agency for the purposes herein and in the Federal Funds Provisions, below.
- d) Contracts made in contravention of General Statutes, Chapter 143, Article 3 and the Rules in 05 NCAC Chapter 5, are void. G.S. 143-58.

4. GOVERNMENTAL RESTRICTIONS: In the event any Governmental restrictions are imposed which necessitate alteration of the goods, material, quality, workmanship, or performance of the Services offered, prior to acceptance, it shall be the responsibility of the Vendor to notify the State Contract Lead or Administrator indicated in the Contract at once, in writing, indicating the specific regulation which requires such alterations. The State reserves the right to accept any such alterations, including any price adjustments occasioned thereby, or to cancel the Contract.

5. AVAILABILITY OF FUNDS: Any and all payments to the Vendor shall be dependent upon and subject to the availability of funds appropriated or allocated to the agency for the purpose set forth in the Contract.

6. TAXES: Any applicable taxes shall be invoiced as a separate item.

- a) G.S. 143-59.1 bars the Secretary of Administration from entering into Contracts with Vendors if the Vendor or its affiliates meet one of the conditions of G.S. 105-164.8(b) and refuses to collect use tax on sales of tangible personal property to purchasers in North Carolina. Conditions under G.S. 105-164.8(b) include: (1) Maintenance of a retail establishment or office, (2) Presence of representatives in the State that solicit sales or transact business on behalf of the Vendor and (3) Systematic exploitation of the market by media-assisted, media-facilitated, or media-solicited means. By execution of the proposal document the Vendor certifies that it and all of its affiliates, (if it has affiliates), collect(s) the appropriate taxes.
- b) The agency(ies) participating in the Contract are exempt from Federal Taxes, such as excise and transportation. Exemption forms submitted by the Vendor will be executed and returned by the using agency.
- c) Prices offered are not to include any personal property taxes, nor any sales or use tax (or fees) unless required by the North Carolina Department of Revenue.

7. SITUS AND GOVERNING LAWS;

- a) This Contract is made under and shall be governed by and construed in accordance with the laws of the State of North Carolina, including, without limitation, the relevant provisions of G.S. Chapter 143, Article 3, and the Rules in 01 NCAC Chapter 05, and any applicable successor provisions, without regard to its conflict of laws rules, and within which State all matters, whether sounding in Contract, tort or otherwise, relating to its validity, construction, interpretation and enforcement shall be determined. G.S. 22B-3.
- b) Vendor shall comply with all laws, ordinances, codes, rules, regulations, and licensing requirements that are applicable to the conduct of its business and its performance in accordance with the Contract, including those of

federal, state, and local agencies having jurisdiction and/or authority, and including, without limitation, the applicable requirements in the Federal Funds Provisions, below.

- c) Non-resident Vendor corporations not formed under NC law must be domesticated in the Office of the NC Secretary of State in order to contract with the State of North Carolina. G.S. 55A-15-01.

8. NON-DISCRIMINATION COMPLIANCE:

To the extent federal funding is involved in this procurement, in whole or in part, compliance with the following is required:

- a) The Vendor shall comply with all Federal Funds Provisions requirements (below) and not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Vendor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Vendor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- b) The Vendor shall, in all solicitations or advertisements for employees placed by or on behalf of the Vendor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin:
- c) The Vendor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Vendor's legal duty to furnish information.
- d) The Vendor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Vendor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- e) The Vendor shall comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- f) The Vendor shall furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and shall permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- g) In the event of the Vendor's noncompliance with the nondiscrimination clauses of this Contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Vendor may be declared ineligible for further Government contracts or federally assisted construction Contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- h) The Vendor shall include the portion of the sentence immediately preceding paragraph (a) and the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Vendor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event a Vendor (or herein "applicant," as applicable in context within these Federal Funds Provisions) becomes involved in, or is threatened

with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Vendor may request the United States to enter into such litigation to protect the interests of the United States.

- i) The Vendor further agrees that it shall be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the Vendor so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the Contract.
- j) The Vendor agrees that it shall assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Vendors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it shall furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it shall otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.
- k) The Vendor further agrees that it shall refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Vendor debarred from, or who has not demonstrated eligibility for, Government Contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Vendors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the Vendor agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part any relevant grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Vendor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Vendor; and refer the case to the Department of Justice for appropriate legal proceedings.

9. PAYMENT TERMS: Payment terms are net not later than 30 days after receipt of a correct invoice or acceptance of goods, whichever is later. The Procuring Agency is responsible for all payments to the Vendor under the Contract. Payment by some agencies may be made by procurement card. If the Vendor accepts Visa, MasterCard, etc., from other customers, it shall accept procurement card payment by the State under the terms provided for the procurement card. 01 NCAC 05B.1523. If payment is made by procurement card, then payment for amounts then due may be processed immediately by the Vendor.

The State does not agree in advance, in contract, pursuant to Constitutional limitations, to pay costs such as interest, late fees, penalties or attorney’s fees. This Contract will not be construed as an agreement by the State to pay such costs, and will be paid only as ordered by a court of competent jurisdiction.

10. CONDITION AND PACKAGING: Unless otherwise expressly provided by special terms and conditions or specifications in the Contract or by express, specific federal law or rule, it is understood and agreed that any item offered or shipped has not been sold or used for any purpose, is newly manufactured, and shall be in first class condition. All containers/packaging shall be suitable for handling, storage or shipment.

11. INTELLECTUAL PROPERTY WARRANTY AND INDEMNITY: Vendor shall hold and save the State, its officers, agents and employees, harmless from liability of any kind, including costs and expenses, resulting from infringement of the rights of any third party in any Services or copyrighted material, patented or patent-pending invention, article, device or appliance delivered in connection with the Contract.

- a) Vendor warrants to the best of its knowledge that:
 - i) Performance under the Contract does not infringe upon any intellectual property rights of any third party; and
 - ii) There are no actual or threatened actions arising from, or alleged under, any intellectual property rights of any third party;
- b) Should any deliverables supplied by Vendor become the subject of a claim of infringement of a patent, copyright, trademark or a trade secret in the United States, the Vendor, shall at its option and expense, either procure for the State the right to continue using the deliverables, or replace or modify the same to become non-infringing. If neither of these options can reasonably be taken in Vendor’s judgment, or if further use shall be prevented by injunction, the Vendor agrees to cease provision of any affected deliverables and refund any sums the State has

paid Vendor for such deliverables and make every reasonable effort to assist the State in procuring substitute deliverables. If, in the sole opinion of the State, the cessation of use by the State of any such deliverables due to infringement issues makes the retention of other items acquired from the Vendor under this Agreement impractical, the State shall then have the option of terminating the Agreement, or applicable portions thereof, without penalty or termination charge; and Vendor agrees to refund any sums the State paid for unused Services or other deliverables.

- c) The Vendor, at its own expense, shall defend any action brought against the State to the extent that such action is based upon a claim that the deliverables supplied by the Vendor, their use or operation, infringe on a patent, copyright, trademark or violate a trade secret in the United States. The Vendor shall pay those costs and damages finally awarded or agreed in a settlement against the State in any such action. Such defense and payment shall be conditioned on the following:
 - i) That the Vendor shall be notified within a reasonable time in writing by the State of any such claim; and
 - ii) That the Vendor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise provided, however, that the State shall have the option to participate in such action at its own expense.
- d) Vendor will not be required to defend or indemnify the State to the extent any claim by a third party against the State for infringement or misappropriation results solely from the State's material alteration of any Vendor-branded deliverables or Services, or from the continued use of the Services or other deliverables after receiving written notice from the Vendor of the claimed infringement.

12. ADVERTISING: Vendor agrees not to use the existence of the Contract or the name of the State of North Carolina as part of any commercial advertising or marketing of products or Services except as provided in 01 NCAC 05B.1516. A Vendor may inquire whether the State is willing to be included on a listing of its existing customers.

13. ACCESS TO PERSONS AND RECORDS: During, and after the term hereof during the relevant period required for retention of records by State law (G.S. 121-5, 132-1 *et seq.*, typically five years), the State Auditor and any Purchasing Agency's internal auditors shall have access to persons and records related to the Contract to verify accounts and data affecting fees or performance under the Contract, as provided in G.S. 143-49(9). However, if any audit, litigation or other action arising out of or related in any way to this project is commenced before the end of the such retention of records period, the records shall be retained for one (1) year after all issues arising out of the action are finally resolved or until the end of the record retentions period, whichever is later.

14. ASSIGNMENT OR DELEGATION OF DUTIES.

- a) As a convenience to the Vendor, the State may include any person or entity designated by the Vendor in writing as a joint payee on the Vendor's payment check. In no event shall such approval and action obligate the State to anyone other than the Vendor.
- b) If Vendor requests any assignment, or delegation of duties, the Vendor shall remain responsible for fulfillment of all Contract obligations. Upon written request, the State may, in its unfettered discretion, approve an assignment or delegation to another responsible entity acceptable to the State, such as the surviving entity of a merger, acquisition or a corporate reorganization if made as part of the transfer of all or substantially all of the Vendor's assets. 01 NCAC 05B.1507. Any purported assignment or delegation made in violation of this provision shall be void and a material breach of the Contract. G.S. 143-58.

15. INSURANCE: This section provides minimum insurance coverage rates that are applicable to most moderate risk solicitations. Agency Risk Analysis will determine if higher insurance coverage amounts are needed based on the likelihood and severity of exposure to the State. The analysis is documented in writing in the official file and considers the following non-exclusive factors:

1. Potential for damage to State property or property of a third party,
2. Potential for bodily injury to State employees or third parties,
3. Whether Vendor will transport State property, clients, or employees,
4. Use of a vehicle to accomplish the work or to travel to or from State locations,
5. Anticipated physical contacts of the Vendor with the State,
6. Anticipated number and activity of Vendor personnel within the State, and
7. Any other unique considerations that could result in harm, bodily injury, or property damage.

The Purchasing Agency has specified elsewhere in this Contract any increase in the minimum insurance coverage requirements below if the risk from the above factors is high.

a) REQUIREMENTS - Providing and maintaining adequate insurance coverage is a material obligation of the Vendor and is of the essence of the Contract. All such insurance shall meet all laws of the State of North Carolina. Such insurance coverage shall be obtained from companies that are authorized to provide such coverage and that are authorized by the NC Commissioner of Insurance to do business in North Carolina. The Vendor shall at all times comply with the terms of such insurance policies, and all requirements of the insurer under any such insurance policies, except as they may conflict with existing North Carolina laws or the Contract. The limits of coverage under each insurance policy maintained by the Vendor shall not be interpreted as limiting the Vendor's liability and obligations or the indemnification requirements under the Contract. As provided above, a State agency is authorized, upon written evaluation and substantiation in the official file of the significant risk of bodily injury and/or property or other damage in the contract, to require and enforce higher coverage limits to mitigate the potential risk of liability to the State.

b) COVERAGE - During the term of the Contract, the Vendor at its sole cost and expense shall provide commercial insurance of such type and with such terms and limits as may be reasonably associated with the Contract. At a minimum, the Vendor shall provide and maintain the following coverage and limits, subject to higher requirements by an agency after the risk analysis indicated above:

1. **For Small Purchases** as defined under North Carolina Administrative Code 01 NCAC 05A.0112 (35) and 05B.0301 (1), the minimum applicable insurance requirements for Worker's Compensation and Automobile Liability will apply as required by North Carolina law. The Purchasing Agency may require Commercial General Liability coverage consistent with the assessed risks involved in the procurement.
2. **For Contracts valued in excess of the Small Purchase threshold, but up to \$1,000,000.00 the following limits shall apply:**
 - i. **Worker's Compensation** - The Vendor shall provide and maintain Worker's Compensation Insurance, as may be required by the laws of North Carolina, as well as employer's liability coverage, with minimum limits of \$250,000.00, covering all of Vendor's employees who are engaged in any work under the Contract in North Carolina. If any work is sub-Contracted, the Vendor shall require the sub-contractor to provide the same coverage for any of its employees engaged in any work under the Contract within the State.
 - ii. **Commercial General Liability** - General Liability Coverage on a Comprehensive Broad Form on an occurrence basis in the minimum amount of \$500,000.00 Combined Single Limit. Defense costs shall be in excess of the limit of liability.
 - iii. **Automobile** - Automobile Liability Insurance, to include liability coverage covering all owned, hired and non-owned vehicles, used within North Carolina in connection with the Contract. The minimum combined single limit shall be \$250,000.00 bodily injury and property damage; \$250,000.00 uninsured/under insured motorist; and \$2,500.00 medical payment.
3. **For Contracts valued in excess of \$1,000,000.00 the following limits shall apply:**
 - i. **Worker's Compensation** - The Vendor shall provide and maintain Worker's Compensation Insurance, as may be required by the laws of North Carolina, as well as employer's liability coverage, with minimum limits of \$500,000.00, covering all of Vendor's employees who are engaged in any work under the Contract in North Carolina. If any work is sub-Contracted, the Vendor shall require the sub-contractor to provide the same coverage for any of its employees engaged in any work under the Contract within the State.
 - ii. **Commercial General Liability** - General Liability Coverage on a Comprehensive Broad Form on an occurrence basis in the minimum amount of \$1,000,000.00 Combined Single Limit. Defense costs shall be in excess of the limit of liability.
 - iii. **Automobile** - Automobile Liability Insurance, to include liability coverage covering all owned, hired and non-owned vehicles, used within North Carolina in connection with the Contract. The minimum combined single limit shall be \$500,000.00 bodily injury and property damage; \$500,000.00 uninsured/under insured motorist; and \$5,000.00 medical payment.

- 16. GENERAL INDEMNITY:** The Vendor shall hold and save the State, its officers, agents, and employees, harmless from liability of any kind, including all claims and losses accruing or resulting to any other person, firm, or corporation furnishing or supplying work, Services, materials, or supplies in connection with the performance of the Contract, and also from any and all claims and losses accruing or resulting to any person, firm, or corporation that may be injured or damaged by the Vendor in the performance of the Contract that are attributable to the negligence or intentionally tortious acts of the Vendor, provided that the Vendor is notified in writing within 30 days from the date that the State has knowledge of such claims. The Vendor represents and warrants that it shall make no claim of any kind or nature against the State's agents who are involved in the delivery or processing of Vendor deliverables or Services to the State. As part of this provision for indemnity, if federal funds are involved in this procurement, the Vendor warrants that it will comply with all relevant and applicable federal requirements and laws, and will indemnify and hold and save the State harmless from any claims or losses resulting to the State from the Vendor's noncompliance with such federal requirements or law in this Contract. The representations and warranties in the preceding two sentences shall survive the termination or expiration of the Contract. The State does not participate in indemnification due to Constitutional restrictions, or arbitration, which effectively and unacceptably waives jury trial. *See, G.S. 22B-3, -10.*
- 17. ELECTRONIC PROCUREMENT: RESERVED.**
- 18. SUBCONTRACTING:** Performance under the Contract by the Vendor shall not be subcontracted without prior written approval of the State's assigned Contract Lead. Unless otherwise agreed in writing, acceptance of a Vendor's proposal shall include approval to use the subcontractor(s) that have been specified therein.
- 19. CONFIDENTIALITY:** Vendor information that cannot be shown to be, e.g., a trade secret, may be subject to public disclosure under the terms of the State Public Records Act (SPRA), beginning at G.S. 132.1. Blanket assertions of confidentiality are not favored, but confidentiality of specific material meeting one or more exceptions in the SPRA will be honored. Vendors are notified that if the confidentiality of material is challenged by other parties, the Vendor has the responsibility of defending the assertion of confidentiality. G.S. 143-52(a).
- 20. CARE OF STATE DATA AND PROPERTY:** Any State property, information, data, instruments, documents, studies or reports given to or prepared or assembled by or provided to the Vendor under the Contract shall be kept as confidential, used only for the purpose(s) required to perform the Contract and not divulged or made available to any individual or organization without the prior written approval of the State.
- The State's data and property in the hands of the Vendor shall be protected from unauthorized disclosure, loss, damage, destruction by a natural event or another eventuality. The Vendor agrees to reimburse the State for loss or damage of State property while in Vendor's custody. Such State Data shall be returned to the State in a form acceptable to the State upon the termination or expiration of this Agreement.
- The Vendor shall notify the State of any security breaches within 24 hours as required by G.S. 143B-1379. Any percentage of retainage on payments made by Contractor to the subcontractor that exceeds the percentage of retainage on payments made by NCORR to Contractor shall be subject to interest to be paid by Contractor to the subcontractor at the rate of one percent (1%) per month or fraction thereof.
- d. Nothing in this section shall prevent Contractor, at the time of application and certification to NCORR, from withholding application and certification to NCORR for payment to the subcontractor for unsatisfactory job progress; defective construction not remedied; disputed work; third-party claims filed or reasonable evidence that claim will be filed; failure of subcontractor to make timely payments for labor, equipment and materials; damage to contractor or another subcontractor; reasonable evidence that subcontract cannot be completed for the unpaid balance of the subcontract sum; or a reasonable amount for retainage not to exceed the initial percentage retained by NCORR.

ARTICLE 10 - CHANGES IN THE WORK

- a. NCORR may make changes to the work covered by the contract. These changes will not invalidate any portion of the contract and will not relieve or release Contractor from any guarantee given by it pertinent to the contract provisions. These changes will not affect the validity of the guarantee bond and will not relieve the surety or sureties of said bond. All extra work shall be executed under conditions of the original contract.
- b. Except in an emergency endangering life or property, no change shall be made by Contractor except upon receipt of an approved change order or written field order from NCORR authorizing such change. No claim for adjustments of the contract price shall be valid unless this procedure is followed.

A field order, transmitted by fax, electronically, or hand delivered, may be used where the change involved impacts the critical path of the work. A formal change order shall be issued as expeditiously as possible.

In the event of an emergency endangering life or property, Contractor may be directed to proceed on a time and materials basis, whereupon Contractor shall proceed and keep accurately on such form as specified by NCORR, a correct account of costs, together with all proper invoices, payrolls and supporting data. Upon completion of the work, the change order will be prepared as outlined under either Method "c(1)" or Method "c(2)" or both.

- c. In determining the values of changes, either additive or deductive, Contract shall be based on the final Bid Pricing Book except for in unusual circumstances.
- d. Should below grade concealed conditions be encountered in the performance of the work, or should concealed or unknown conditions in an existing structure be at variance with the conditions indicated by the contract documents, the contract sum and time for completion may be equitably adjusted by change order upon claim by either party made within thirty (30) days after the condition has been identified. All change orders shall be supported by a unit cost breakdown showing method of arriving at net cost as defined above.
- e. In all change orders, Contractor will provide such proposal and supporting data in suitable written format. NCORR shall verify correctness. Delay in the processing of the change order due to lack of proper submittal by Contractor of all required supporting data shall not constitute grounds for a time extension or basis of a claim. Within fourteen (14) days after receipt of Contractor's accepted proposal, including all supporting documentation required by NCORR, NCORR shall prepare the change order and forward to Contractor for his signature or otherwise respond, in writing, to Contractor's proposal. Within seven (7) days after receipt of the change order executed by Contractor, NCORR's representative shall certify the change order by his or her signature, and forward the change order and all supporting data to NCORR for its review of CDBG-DR, HRP and/or grant eligibility compliance and, if compliant, NCORR will sign the change order and the revised scope of work may proceed. If the change order is denied, then Contractor shall not proceed with the work. In case of emergency or extenuating circumstances, approval of changes may be obtained verbally by telephone or via field orders approved by all parties, and then shall be substantiated in writing as outlined under normal procedure.
- f. A change order, when issued, shall include full compensation, or credit, for the work included, omitted or substituted. It shall show on its face the adjustment in time for completion of the project as a result of the change in the work.
- g. Contractor understands and acknowledges that any and all change orders made subsequent to this Grant Agreement shall be incorporated herein by reference into this original Grant Agreement. Subsequent Change Orders shall then represent the entire Grant Agreement between the parties for the new construction of their damaged home under the Program.

ARTICLE 11 - TIME OF COMPLETION, DELAYS, EXTENSION OF TIME

- a. Contractor shall commence work to be performed under this agreement on a date to be specified in a written Notice to Proceed from NCORR and shall fully complete all work hereunder within the time of completion stated in the Contract. Time is of the essence and Contractor acknowledges NCORR will likely suffer financial damage for failure to complete the work within the time of completion. For each day in excess of the above number of days, the sum of \$250.00 per day shall be deducted from Contractor's next draw request as liquidated damages reasonably estimated in advance to cover the losses incurred by NCORR by reason of failure of said Contractor to complete the work within the time specified, such time being in the essence of this contract and a material consideration thereof. If Contractor disputes the calculation of liquidated damages, then NCORR may recover actual damages.
- b. If Contractor is delayed at any time in the progress of his work solely by: any act or negligence of Owner or NCORR; by changes ordered in the work; by labor disputes at the project site; by abnormal weather conditions not reasonably anticipated for the locality where the work is performed; by unavoidable casualties; by any causes beyond Contractor's control; or by any other causes which NCORR determine may justify the delay, then the contract time may be extended by change order only for the time which NCORR may determine is reasonable.

Time extensions will not be granted for rain, wind, snow or other natural phenomena of normal intensity for the locality where work is performed. For purposes of determining extent of delay attributable to unusual

weather phenomena, a determination shall be made by comparing the weather for the contract period involved with the average of the preceding five (5) year climatic range during the same time interval based on the National Oceanic and Atmospheric Administration National Weather Service statistics for the locality where work is performed and on daily weather logs kept on the job site by Contractor reflecting the effect of the weather on progress of the work and initialed by the NCORR's representative. No weather delays shall be considered after the building is dried-in unless work claimed to be delayed is on the critical path of the baseline schedule or approved updated schedule. Time extensions for weather delays, acts of God, labor disputes, fire, delays in transportation, unavoidable casualties or other delays which are beyond the control of NCORR do not entitle Contractor to compensable damages for delays. Any Contractor claim for compensable damages for delays is limited to delays caused solely by Owner or its agents. Contractor caused delays shall be accounted for before Owner or NCORR caused delays in the case of concurrent delays.

- c. Requests for extensions of time shall be made in writing to NCORR, with copies provided to NCORR, within fifteen (15) days following cause of delay. The request must contain a brief description of: the event or situation that caused the delay; how the event and situation impacted critical work needed to complete the Project on time as such work is reflected in the schedule or reasonably inferred from the progress of construction; a statement of Contractor's inability to perform other work to mitigate the impact of the event or situation causing delay; a statement that Contractor (including employees, subcontractors, or suppliers) were not the cause of the event or situation; and such other additional work and costs incurred by Contractor resulting from the event or situation delaying Contractor's work. **Contractor understands that the failure to provide a timely request with the requested details and cost information shall result in rejection of the request absent a reasonable and substantiated explanation for the lack of timeliness which was caused by events, situations or persons outside Contractor's control. Contractor further understands that the payments made under this Contract are from a federal grant administered by a State agency and, as a result, Contractor understands that any requests for time extensions are subject to the State and federal False Claims Acts and auditing requirements.**
- d. If a performance or payment bond has been provided by Contractor for this Project, then Contractor shall notify its surety in writing of any extension of time that is granted by NCORR.

ARTICLE 12 – APPLICATIONS FOR PAYMENT

- a. Contractor shall submit to NCORR a request for payment for work done on a schedule agreed upon by Contractor and NCORR. The request shall be in the form agreed upon between Contractor and NCORR, but shall show substantially the value of work done and materials delivered to the site during the period since the last payment, and shall sum up the financial status of the contract with the following information:
 - 1. Total value of contract including change orders.
 - 2. Value of work completed to date.
 - 3. Less five percent (5%) retainage.
 - 4. Less previous payments.
 - 5. Current amount due.
- b. Contractor, upon request of NCORR, shall substantiate the request with invoices of vouchers or payrolls or other evidence including compliance with federal prevailing wage laws.
- c. Prior to submitting the first request, Contractor shall prepare for NCORR a schedule of values (SOV) showing a breakdown of the contract price into values of the various parts of the work, so arranged as to facilitate payments to Contractor and subcontractors. Contractor shall list the value of each subcontractor and supplier, identifying each minority business subcontractor and supplier.
- d. NCORR will withhold retainage up to the statutory amount of five percent (5%) to ensure a prequalified contractor's completion of the project and/or to resolve any disputes with NCORR or subcontractors.

ARTICLE 13 - CERTIFICATES OF PAYMENT AND FINAL PAYMENT

- a. Within five (5) days from receipt of request for payment from Contractor (or other date set by Contractor and NCORR), Contractor shall issue and forward to NCORR a certificate for payment. This certificate shall indicate the amount requested by Contractor. If the certificate is not approved by NCORR, NCORR shall state in writing to Contractor and NCORR his reasons for withholding payment.
- b. No certificate issued or payment made shall constitute an acceptance of the work or any part thereof until issuance of a certificate of occupancy issued by AHJ and NCORR closeout the contract (warranties and guarantees shall remain in effect after contract closeout). The making and acceptance of final payment shall constitute a waiver of all claims by Contractor against Owner or NCORR except:
 - 1. Claims arising from unsettled liens or claims against Contractor.
 - 2. Faulty work or materials appearing after final payment.
 - 3. Failure of Contractor to perform the work in accordance with drawings and specifications, such failure appearing after payment.
 - 4. As conditioned in any payment bond.
- e. Contractor shall forward to NCORR the final application for payment along with the following documents:
 - 1. List of minority business subcontractors and material suppliers showing breakdown of contract amounts and total actual payments to subs and material suppliers.
 - 2. Affidavit of Release of Liens.
 - 3. Affidavit of Contractor of payment to material suppliers and subcontractors.
 - 4. Consent of Surety to Final Payment.
 - 5. Certificates of state agencies required by state law.
 - 6. If applicable, Asbestos Manifest from a permitted disposal facility.
 - 7. Warranty certification by homeowner.
 - 8. Homeowner Acceptance of Work.

ARTICLE 14 - PAYMENTS WITHHELD

- a. NCORR may withhold payment for the following reasons:
 - 1. Faulty work not corrected.
 - 2. The unpaid balance on the contract is insufficient to complete the work in the judgment of the designer and/or NCORR.
 - 3. To provide for sufficient contract balance to cover liquidated damages that will be assessed.
 - 4. Payment documentation has not been submitted by the contractor or is unacceptable.
 - 5. Non-compliance with contractual requirements.
- b. When grounds for withholding payments have been removed, payment will be released.

ARTICLE 15 - RESERVED

ARTICLE 16 - PAYMENT & PERFORMANCE BONDS

- a. NCORR will require Contractor to furnish a payment bond executed by a surety company authorized to do business in North Carolina. The bond shall be in the full contract amount. The bond shall be executed in the form as required by NCORR. Payments bonds will be required for major new construction projects.
- b. All bonds shall be countersigned by an authorized agent of the bonding company who is licensed to do business in North Carolina.
- c. **Performance Bond**—NCORR will require Contractor to furnish a performance bond executed by a surety company authorized to do business in North Carolina. The performance bond shall be in the full contract amount. Contractor shall submit a sample performance bond and sample power of attorney to NCORR for review and approval.

ARTICLE 17 - CONTRACTOR'S AFFIDAVIT

The final payment of retained amount due Contractor on account of the contract shall not become due until Contractor has furnished to NCORR an affidavit signed, sworn and notarized to the effect that all payments for materials, services or subcontracted work in connection with his contract have been satisfied, and that no claims or liens exist against Contractor in connection with this contract. In the event that Contractor cannot obtain similar affidavits from subcontractors to protect Contractor and Owner from possible liens or claims against the subcontractor, Contractor shall state in his affidavit that no claims or liens exist against any subcontractor to the best of Contractor's knowledge, and if any appear afterward, Contractor shall hold NCORR and Owner harmless.

ARTICLE 18 - USE OF PREMISES

- a. Contractor shall confine its equipment, the storage of materials and the operations of its workmen to limits indicated by law, ordinances, permits or directions of AHJ and NCORR and shall not exceed those established limits in his operations.
- b. Contractor shall not load or permit any part of the structure to be loaded with a weight that will endanger its safety.
- c. Contractor shall enforce NCORR's instructions regarding signs, advertisements, fires and smoking.
- d. No firearms, any type of alcoholic beverages, or drugs (other than those prescribed by a physician) will be permitted at the job site.

ARTICLE 19 - CUTTING, PATCHING AND DIGGING

- a. Contractor shall do all cutting, fitting or patching of his work that may be required to make its several parts come together properly and fit it to receive or be received by work of other subcontractors shown upon or reasonably implied by the drawings and specifications for the completed structure, as the designer or NCORR may direct.
- b. Any cost brought about by defective or ill-timed work shall be borne by the party responsible therefore.
- c. Contractor should coordinate the work of the subcontractors to avoid unnecessary cutting, fitting or patching so that Contractor avoids damaging the work of its subcontractors, and subcontractors avoid damaging the work of Contractor and/or other subcontractors.

ARTICLE 20 - UTILITIES, STRUCTURES, SIGNS

- a. If the house is unoccupied, Contractor shall provide necessary and adequate facilities for water, electricity, gas, oil, sewer and other utility services which may be necessary and required for completion of the project, including all utilities required for testing, cleaning, balancing, and sterilization of designated plumbing, mechanical and electrical systems. Any permanent meters installed shall be listed in Contractor's name until work has a final acceptance. Contractor shall contact all affected utility companies prior to bid to determine their requirements to provide temporary and permanent service and include all costs associated with providing those services in their bid. Coordination of the work of the utility companies during construction is the sole

responsibility of Contractor. If occupied NCORR, Contractor and Owner must reach an agreement as to apportionment of utilities, which must be included in the contract before construction begins.

- b. Meters shall be relisted in Owner's name on the day following final acceptance, and Owner shall pay for services used after that date.

ARTICLE 21 - CLEANING UP

- a. Contractor shall keep the building and surrounding area reasonably free from rubbish at all times, and shall remove debris from the site on a timely basis or when directed to do so by NCORR. Contractor shall provide an onsite refuse container(s) for the use of all contractors. Contractor shall remove rubbish and debris from the building on a daily basis. Contractor shall broom clean the building as required to minimize dust and dirt accumulation.
- b. Contractor shall provide and maintain suitable all-weather access to the building.
- c. Before final inspection and acceptance of the building, Contractor shall clean the work area, including glass, hardware, fixtures, masonry, tile and marble (using no acid), clean and wax all floors as specified, and completely prepare the building for use by Owner, with no cleaning required by Owner.

ARTICLE 22 - GUARANTEE

- a. Contractor shall unconditionally guarantee materials and workmanship against patent defects arising from faulty materials, faulty workmanship or negligence for a period of twelve (12) months following the date of final acceptance of the work or beneficial occupancy and shall replace such defective materials or workmanship without cost to Owner. Contractor shall provide a ten (10) year warranty for all structural work performed under the Contract.
- b. Where items of equipment or material carry a manufacturer's warranty for any period in excess of twelve (12) months, then the manufacturer's warranty shall apply for that particular piece of equipment or material. Contractor shall replace such defective equipment or materials, without cost to Owner, within the manufacturer's warranty period.
- c. Additionally, Owner may bring an action for latent defects caused by the negligence of Contractor which are hidden or not readily apparent to Owner or NCORR at the time of final acceptance, whichever occurred first, in accordance with applicable law.
- d. Guarantees for roof, equipment, materials, and supplies shall be stipulated in the specifications sections governing such roof, equipment, materials, or supplies. Contractor shall also provide all instruction manuals stipulated in the specification sections and/or that were furnished to Contractor from the manufacturer (e.g., hot water heaters, HVAC units, electrical equipment or fixtures, plumbing equipment and fixtures, appliances, etc.).

ARTICLE 23 – WOMEN AND MINORITY BUSINESS PARTICIPATION

2 C.F.R. § 200.321 requires that all necessary affirmative steps are taken to assure that minority and women's businesses are used when possible, and N.C. Gen. Stat. 143-128.2 establishes a ten percent (10%) goal for participation by minority and women owned businesses in total value of work for the HRP. The document, *Guidelines for Recruitment and Selection of Minority Businesses for Participation in State Construction Contracts*, including Affidavits, is found on the N.C. State Construction Office website.

ARTICLE 24 – CONTRACTOR EVALUATION

Contractor's overall work performance on each assigned or awarded HRP project/contract shall be fairly evaluated in accordance with the policy and procedures for determining continued prequalification for future work in the HRP. Contractor Evaluation Procedures are hereby incorporated and made a part of Contractor's approval of its application for prequalification. NCORR will evaluate Contractor's performance.

ARTICLE 25 – GIFTS

Pursuant to N.C. Gen. Stat. § 133-32, it is unlawful for any vendor or contractor (i.e. architect, bidder, contractor, construction manager, design professional, engineer, subcontractor, supplier, vendor, etc.) to make gifts or to give favors to any State employee. This prohibition covers those vendors and contractors who: (1) have a contract with a governmental agency; or (2) have performed under such a contract within the past year; or (3) anticipate bidding on such a contract in the future. For additional information regarding the specific requirements and exemptions, vendors and contractors are encouraged to review G.S. Sec. 133-32.

During the construction of the Project, Contractor and subcontractors are prohibited from making gifts to any employees of NCORR and/or any other State employee from any other State Agency that may have any involvement, influence, responsibilities, oversight, management and/or duties that pertain to and/or relate to the contract administration, financial administration and/or disposition of claims arising from and/or relating to the Contract and/or Project. In addition, Contractors are prohibited from making gifts to the Owner at any time. Contractors in violation of this provision of the agreement will be removed from participation in the program and reported to the HUD Office of Inspector General for investigation.

In accordance with 2 C.F.R. § 200.501 and N.C. Gen. Stat. §147-64.7, the Office of the Inspector General (OIG), State Auditor, NCORR or other applicable state agency internal auditors, or HUD shall have access to NCORR's and Contractor's officers, employees, agents and/or other persons in control of and/or responsible for Contractor's records that relate to this Contract for purposes of conducting audits under the referenced statute. HUD and NCORR's internal auditors shall also have the right to access and copy NCORR's and Contractor's records relating to the Contract and Project during the term of the Contract and within five years following the completion of the Project/close-out of the Contract to verify accounts, accuracy, information, calculations and/or data affecting and/or relating to NCORR's and Contractor's requests for payment, requests for change orders, change orders, claims for extra work, requests for time extensions and related claims for delay/extended general conditions costs, claims for lost productivity, claims for loss efficiency, claims for idle equipment or labor, claims for price/cost escalation, pass-through claims of subcontractors and/or suppliers, and/or any other type of claim for payment or damages from NCORR and/or Owner.

ARTICLE 27 – NORTH CAROLINA FALSE CLAIMS ACT

The False Claims Act (31 U.S. Code § 3729) and the North Carolina False Claims Act ("NCFCA"), N.C Gen. Stat. § 1-605 through 1-618, apply to this Contract. Contractor should familiarize itself with the False Claims Act and the NCFCA and should seek the assistance of an attorney if it has any questions regarding the NCFCA and its applicability to any requests, demands and/or claims for payment it submits to the State through the contracting state agency, institution, university or community college.

The purpose of the NCFCA "is to deter persons from knowingly causing or assisting in causing the State to pay claims that are false or fraudulent and to provide remedies in the form of treble damages and civil penalties when money is obtained from the State by reason of a false or fraudulent claim." (Section 1-605(b).) Contractor's liability under the NCFCA may arise from, but is not limited to: requests for payment, invoices, billing, claims for extra work, requests for change orders, requests for time extensions, claims for delay damages/extended general conditions costs, claims for loss productivity, claims for loss efficiencies, claims for idle equipment or labor, claims for price/cost escalation, pass-through claims of subcontractors and/or suppliers, documentation used to support any of the foregoing requests or claims, and/or any other request for payment from the State through the contracting state agency, institution, university or community college.

ATTACHMENT H: M/WBE/HUB UTILIZATION PLAN

North Carolina statute requires a 10% goal for HUB participation. This form should contain a detailed description of the supplies and/or services to be provided by each North Carolina certified HUB vendor under this Contract. Attach additional sheets if necessary.

The percentage should be determined by adding all “Anticipated Dollar Value of Subcontracts” from this form and dividing it by the total bid amount.

If the 10% HUB goal is not met, then documentation MUST be attached which explains the good faith efforts made to reach the 10% HUB goal (not rounded). NCORR will evaluate the good faith efforts and, in its sole discretion, will determine if the efforts made are sufficient. If the goal is not met and sufficient good faith efforts (as determined solely by NCORR) are not made then the bid will be deemed non-responsive.
