

Work With Us!

NC Office of Recovery and Resiliency complies with Section 3 of the Housing & Urban Development Act of 1968, which aims to provide economic opportunities to low-income residents and businesses owned by low-income residents in project areas.

If you are a qualifying worker or business owner there may be opportunities to work on NCORR projects.

Employment and Contractor Opportunities:

NCORR and/or subrecipients may need workers and businesses that specialize in asbestos abatement, carpentry, construction, demolition, engineering, general contracting, inspection services, painting, site preparation, etc.

Scan for more information.

Training Opportunities:

NCORR contractors may provide on-the-job training or apprenticeships to qualifying workers.
